CEU Universities: Study at the largest educational institution in Spain

More than 210,000 students have chosen CEU for its outstanding instructors, commitment to research, entrepreneurial culture and professional career services.

What is CEU Universities?

CEU Universities is the largest non-profit private education group in Spain, with 3 Universities located in Madrid (CEU San Pablo), Valencia (CEU Cardenal Herrera) and Barcelona (Abat Oliba CEU). Based on the values of Christian Humanism, since its foundation in 1933 by the Asociación Católica de Propagandistas (ACdP), the institution has trained outstanding professionals who have positively contributed to the national and international common good.

Strong international partnerships with foreign higher education institutions around the world give students at CEU Universities the opportunity to live a full international experience both on and off campus. All activities offered by CEU Universities are based on their commitment to the intellectual and moral development of students and take place at each of the 3 Universities in a wide range of state-of-the-art facilities which include audiovisual centres, laboratories, a veterinary clinical hospital, chapels and sports facilities.

Academic Offerings

CEU Universities offers a broad range of officially accredited Undergraduate degrees, Master's degrees and PhD studies in several areas, including Communications, Health Sciences, Architecture and Engineering, Law and Political Science, Humanities and Education, Economics and Business Studies and Gastronomy.

CEINDO (the CEU International Doctoral School) offers 6 PhD programmes and supports the universities with more than 70 active research projects. As a result of its outstanding research, CEU Universities is awarded over 20 million euros a year in research competitive funding and industry/commerce income. CEU Universities is committed to research and demonstrates this by allocating more than 1 million euros a year to research grants for promising young researchers.
