## CEU UNIVERSITIES

The **Fundación Unversitaria San Pablo CEU**, founded in 1933 by the **ACdP (Catholic Association of Propagandists)** was established with the intention of making a positive impact on society through its educational centers. These centers provide training in the framework of a comprehensive educational experience while striving to impact society in favor of justice and the defense of all human beings. The institution's objectives are rooted in its quest for achieving academic and professional excellence, innovation in its educational projects and teaching its students values and human virtues.

The institution comprises **25 educational centers** ranging from primary education to postgraduate degrees and vocational training. We currently have centers in Madrid, Barcelona, Valencia, Murcia, Castellón, Alicante, Vigo, Jerez, Elche, Sevilla, Vitoria and Valladolid.

Teaching excellence at CEU stands out in over 200 degrees that are offered at our 3 universities in Madrid, Barcelona and Valencia:

**CEU San Pablo University in Madrid** is a long-standing institution of great prestige that has educated influential members of society such as CEOs of multinational corporations, doctors, architects, diplomats and journalists.

The **Abat Oliba CEU University in Barcelona** is a university that was designed to promote personalized teacher-student relationships. Classes are organized in groups of a small number of students who receive comprehensive attention through individualized Programs that are specifically developed for them.

Our university in **Valencia, CEU Cardenal Herrera**, is one of the most international universities in Europe, where students from more than 90 countries fill the classrooms. This university provides the space to learn and share experiences with students from all five continents.

CEU SAN PABLO - MADRID

CEU CARDENAL HERRERA - VALENCIA

ABAT OLIBA CEU - BARCELONA

## CEU IN NUMBERS

90

**90 YEARS OLD:**  
Spain's largest and most prestigious educational institution.

+31,000

**STUDENTS:**  
Ranging from 2 to 90 years old.

25

**EDUCATION CENTERS:**  
3 Universities  
10 Schools  
2 Teaching Schools  
3 Vocational Training Centers  
4 Postgraduate Centers  
1 International Doctoral Studies School  
2 Senior Universities

210,000

**ALUMNI:**  
Become a part of Spain's best and brightest talent pool.

+300

**AGREEMENTS**  
with the main universities in Europe, America, Asia and Australia to allow our students to complete their studies in more than 50 countries

## ADVANTAGES CEU

### The largest private educational institution in Spain

We are the only one that has 3 Universities in Madrid, Valencia and Barcelona.

### Tradition

More than 90 years of experience dedicated to training students from 2 to 90 years old.

### International Vocation

Our students come from over 70 different countries and we have a wide offer of bilingual and English degrees.

### Employability

In some of our faculties, an average of 95% of the students find their first job right after completing their studies.

### Research

We are the only institution that involves students in advanced research projects throughout their degree, offering them first-hand experience with the value of scientific progress.

## INTERNATIONAL BILINGUAL Programs

CEU international bilingual Programs offer students the opportunity to study a semester abroad at some of the best universities in the world. These Programs, offered as part of a unique European agreement, award students with a certificate issued by a prestigious university in the United States in addition to their official degree from CEU.

### CEU - Boston University Program International Business Certificate

**Boston University** is ranked 32 in the US News and World Report 2015 Top 500 World University Rankings. This Program, which celebrated its 10th anniversary in 2016, is open to those studying international undergraduate degrees in Business Administration and Management and Advertising and Public Relations (and related dual degrees). It allows students to enhance their knowledge of internationalisation and earn the International Business Certificate granted by the Boston University Metropolitan College International. International degrees (and double associated degrees) of:

- Business Management
- Business Intelligence
- Advertising and Public Relations
- Economics

### CEU - Fordham University Program Certificate of Compliance LLM + NY Bar Exam (optional)

**Fordham University** is a Jesuit, Catholic university founded in 1841 in New York. Through an agreement between CEU and Fordham's prestigious School of Law, a Program has been created for undergraduate students completing a bilingual degree in Law and European Law interested in moving on to study an LLM, building their career in International Law or sitting for the New York BAR exam. Upon completion of this Program, students will earn a Certificate of Compliance granted by Fordham University.

- International degree (double associated degrees) of Law

### CEU - The University of Chicago Program Clinical Trials Management

The **University of Chicago** is the 10th best university in the world according to the latest world ranking of universities and, in its more than 120 years of history, has counted among its members with 89 Nobel Prizes and has not ceased in its effort to promote the generation of New ideas and reflections.

Through this Program, the student will receive a solid training in clinical trial management, an area with high job placement in the pharmaceutical sector, which will also accompany an observational study in Chicago hospitals. International degrees and double associated degrees of:

- Pharmacy

### CEU - UCLA Program Digital Media & Strategic Communications

**UCLA** has been active for over a hundred years and is ranked 12 in the Shanghai Jiao Tong University world ranking. Thirteen Nobel recipients have graduated from this institution until today.

This Program is open to undergraduate students in the Humanities and Communication departments at the University CEU San Pablo who wish to learn about the latest trends in global strategic communication. International degrees (and double associated degrees) of:

- Journalism
- Audiovisual Communication
- Advertising and Public Relations
- Digital Communication

## OUR UNIVERSITIES

### CEU San Pablo University Madrid

CEU San Pablo University's campus is in Madrid, the capital of Spain. With a population of over 3 million, Madrid is a bustling cosmopolitan and multi-ethnic city famous for its vibrant nightlife, gastronomy and cultural and artistic events.

The city is also the seat of government as well as the main business hub in Spain.

Madrid hosts the largest international student population in Spain and one of the largest in Europe, offering a unique opportunity to experience an international environment.

### Why USP CEU?

#### NAAB recognition

The CEU San Pablo University has received the International Certification designation from the National Architectural Accrediting Board for the following professional Degree in Architecture in 2015.

#### FabLab Madrid CEU(Center for Bits and Atoms of MIT)

The EPS has a digital fabrication laboratory, the FabLab Madrid CEU, which belongs to the global network of the Center for Bits and Atoms Laboratory at MIT (**Massachusetts Institute of Technology**). The center carries out architectural and engineering projects in collaboration with other universities around the world.

#### First Journalism school in Spain

The Faculty of Humanities and Communication Sciences was the **first to offer a degree in Journalism in Spain** and is the only one that offers the chance to complete an entire undergraduate degree in **English**.

#### One of the best private universities in Spain

CEU San Pablo University stands for being the second best private University in Madrid and number four in Spain according to the newspaper El Mundo ranking

# CEU Cardenal Herrera University

## Valencia

CEU Cardenal Herrera University has campuses in Valencia, Elche and Castellón, all located in the Community of Valencia. Well-known for its beaches, rich culture, parks and nature reserves, Valencia is a comfortable place to live that offers extensive options for transportation to other major cities in Spain and all over the rest of Europe.

In recent years, Valencia has been recognized as a leading center for innovation and design.

## Why CEU Cardenal Herrera?

- ✓ **First non-state** owned private university in the Valencian Community with over 50 years of experience.
- ✓ **The most international** university in the region. More than a quarter of our students are international students and the university prides itself on its clear orientation towards preparing our students for a global world. There are currently students from more than 90 countries on campus.
- ✓ **One of the first** Universities to offer Pharmacy, Journalism and Veterinary Medicine.

Study in Spain with an international scope. Study abroad to get a double international degree or open doors to practice your profession in the Unites States: CEU Cardenal Herrera University offers students the possibility of building a truly international curriculum!

### CEU - University of Dayton School of Law

**Master of Law + Master in American and Transnational Law**

The **University of Dayton**, with over 170 years of experience, offers a dynamic and international learning environment, which is fully aligned with the values of CEU Cardenal Herrera University. Its Online LLM Program offers our students and graduates the possibility to learn Transnational Law and helps them prepare for the BAR exams in Washington and California.

This program is open to CEU students who possess an undergraduate degree in Law and are studying or have obtained the **Master's Degree in Law**.

### CEU - FH Münster

**Degree in Business Administration + European Business Program**

Through our agreement with the **FH Münster School of Business**, you will be able to obtain two official qualifications from Spain (Bachelor of Business Administration) and Germany (European Business Program Bachelor). This programs provides students with the opportunity to have an international experience in Münster, a university city in Germany where you can meet students from all over the world and expand your knowledge in an institution founded in 1780.

Students who are studying the undergraduate **Degree in Business Management** are eligible to apply for this program.

Abat Oliba CEU University  
Barcelona

The Abat Oliba CEU University is located in Barcelona on the Mediterranean coast. A modern, avant-garde and dynamic city, Barcelona is a warm and welcoming metropolis with great weather all year long. The city is filled with work from world renowned artists and architects such as Picasso, Dalí, Miró and Gaudí, making it one of the most unique cities in Europe.

Why Abat Oliba CEU?

- ✓ The oldest private university to offer Law related degrees in Barcelona. Since 1973 the university has been recognized for educating high-performing lawyers as well as its **bilingual** Program in **International and European Law**.
- ✓ The Faculty of Economics and Business has the **highest graduate employment rate** of all Catalanian universities (98% according to the Catalanian Agency of University Quality).
- ✓ Employability is also a distinctive attribute of the Faculty of Communications with a job placement rate of 97% within the first three years after graduation (according to the Catalanian Agency for University Quality 2014 labour market survey, 11% higher than the average in all Catalanian universities). Bilingual degrees in Preschool and Primary School Education and international practices that promote the internationalization of students. From the beginning of their studies, students get experience with the profession by taking classes at the Abat Oliba Foundation in Barcelona.

## ADMISSIONS PROCESS

## CEU International School of Doctoral Studies (CEINDO)

- 1 APPLICATION:** To apply, students will need to fill out an online form and provide the necessary documentation (contact information, academic records and any other documentation).
- 2 ADMISSIONS TESTS:** Students will receive instructions via email on how to complete tests for general and language skills. Students who can certify that they hold a B2 or higher will be exempt from the language exam.
- 3 PERSONAL INTERVIEW:** This interview can be done online or in person. It is important that the documentation is uploaded to the system before the day of the interview.
- 4 PRE-ADMISSION:** If the candidate is selected, they will receive notification of pre-admission via email which will explain how to formalize pre-registration..
- 5 ADMISSION AND REGISTRATION:** Final admission will be granted once the student justifies in written records that they meet all requirements in order to access the Spanish University (through recognition and evaluation of foreign studies, credentials, university entrance examinations, etc.). Once admitted, the candidate will receive notification via email with instructions on how to formalize registration.

CEINDO offers our students a variety of Programs, projects at both national and international levels, the support of experienced researchers and mentors and the possibility to collaborate with prestigious universities worldwide.

### DOCTORAL PROGRAMS

#### Health Science and Technology

This doctoral Program is offered at the CEU Universities San Pablo and Cardenal Herrera and provides students with the opportunity to produce outstanding, cutting-edge research on drugs and diseases.

Areas of Research
» AREA 1. Electronic and Electrochemical Technologies in Health and Environment
» AREA 2. Molecular and Metabolic Bases of a Disease
» AREA 3. Biotechnology of Plants and Microorganisms
» AREA 4. Food Safety, Nutrition and Technology
» AREA 5. Discovery, Development and Evaluation of Drugs and Medicines
» AREA 6. Pathology and Human and Animal Health
» AREA 7. Structural and Functional Bases of Biological Systems

#### Composition, History and Technique in Architecture and Urbanism

Students who undertake this doctoral Program at the CEU Universities San Pablo and Cardenal Herrera specialize in a range of areas, from the most conceptual to the most concrete, in the fields of Architecture and Urbanism.

Areas of Research
» AREA 1. Theory, Space and Design
» AREA 2. Construction, Innovation and Technology

Social Communication

This Program is offered at our three CEU Universities and it is designed for students who are interested in developing R&D projects within the guidelines of the UE.

Areas of Research
» AREA 1. Digital Society, Communications and Vulnerable Public
» AREA 2. Communications, Public Sphere and Citizenship
» AREA 3. Specialised Communications, Innovation and Technology

Law and Economics

This Program is offered at our three CEU Universities and allows students to explore a wide range of disciplines and areas within the fields of Law and Economics.

Areas of Research
» AREA 1. Economy and Finance
» AREA 2. Law, Economy and the Environment
» AREA 3. Law and Economy of the Information Society
» AREA 4. Restructuring Companies and Competing Markets
» AREA 5. European Studies and International Relations
» AREA 6. Globalisation and Law: Philosophical, Historical and Dogmatic Foundations and Perspectives on the Future

Humanities in the Contemporary World

The main objective of this Program is to provide students with the resources to explore and develop recent research lines in the Humanities and their application in today's society.

Areas of Research
» AREA 1. History and Society
» AREA 2. Philosophy and Thought
» AREA 3. Literature and Artistic Creation

Translational Medicine

Researchers who undertake this doctoral Program in any of our three CEU Universities seek to improve the quality of care for those suffering from chronic, degenerative and neoplastic inflammatory diseases by working directly with patients and in the laboratory.

Areas of Research
» AREA 1. Clinical and Translational Oncology and Hematology
» AREA 2. Molecular Pathophysiology and New Technologies in Surgery and Cell Therapy
» AREA 3. Pathophysiology, Diagnosis and Molecular Therapeutics of Cancer Metastasis
» AREA 4. Pathophysiology and Treatment of the Neuroendocrine System and Oxidative Stress
» AREA 5. Diagnosis-Treatment Innovation in Internal Medicine and Pediatrics
» AREA 6. Pathophysiology of Obesity, Psychosocial Disorders and Cardiovascular Diseases
» AREA 7. Pathophysiology and Treatment of the Locomotor System
» AREA 8. Multidisciplinary Intervention in Clinical Prevention and Treatment
» AREA 9. Clinical and Experimental Immunopathology
» AREA 10. Experimental and Clinical Dentist

Engineering and Technological Development in Industrial, Biomedical and Computational Applications

This programme aims for students to develop scientific and research methodologies under an engineering approach by means of computational modelling tools and the development of new materials, products and devices. They will acquire specific, advanced knowledge on different aspects of the application of technologies in different fields of engineering, such as industrial, energy and biomedical engineering.

Areas of Research
» AREA 1. Materials Engineering and Technologies, Industrial Design and Production, and Energy
» AREA 2. Biomedical Engineering and Technologies, Electronics, Automation and Signals
» AREA 3. Computational Methods in Technology Sciences
